Washington Real Estate Investment Trust About the Trust

Mission Statement

Washington Real Estate Investment Trust, founded in 1960 and headquartered in Rockville, Maryland, invests in a diversified range of income-producing property types. Our purpose is to acquire and manage real estate investments in markets we know well and protect our assets from single property-type value fluctuations through diversified holdings. Our goal is to continue to safely increase earnings and shareholder value.

Company Background

We are a self-administered, self-managed, equity real estate investment trust investing in income-producing properties in the greater Washington-Baltimore region. We own a diversified portfolio of 69 properties¹ consisting of 11 retail centers, 31 office properties, 18 industrial properties and 9 multifamily properties.

Our dividends have increased every year for 34 consecutive years and our Funds From Operations ("FFO") per share has increased every year for 31 consecutive years. WRIT shares are publicly traded on the New York Stock Exchange (symbol: WRE).

¹ Included in this total is the October 12, 2004 acquisition of 8301 Arlington Boulevard, in Fairfax, VA.

Certain statements in the supplemental disclosures which follow are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results to differ materially. Such risks, uncertainties and other factors include, but are not limited to, fluctuations in interest rates, availability of raw materials and labor costs, levels of competition, the effect of government regulation, the availability of capital, weather conditions, the timing and pricing of lease transactions and changes in general and local economic and real estate market conditions, and other risks and uncertainties detailed from time to time in our filings with the SEC, including our 2003 Form 10-K. We assume no obligation to update or supplement forward-looking statements that become untrue because of subsequent events.

⁽¹⁾ Funds From Operations ("FFO") – The National Association of Real Estate Investment Trusts, Inc. ("NAREIT") defines FFO (April, 2002 White Paper) as net income (computed in accordance with generally accepted accounting principles ("GAAP")) excluding gains (or losses) from sales of property plus real estate depreciation and amortization. We consider FFO to be a standard supplemental measure for equity real estate investment trusts ("REITs") because it facilitates an understanding of the operating performance of our properties without giving effect to real estate depreciation and amortization, which historically assumes that the value of real estate assets diminish predictably over time. Since real estate values have instead historically risen or fallen with market conditions, we believe that FFO more accurately provides investors an indication of our ability to incur and service debt, make capital expenditures and fund other needs.

⁽²⁾ Funds Available for Distribution ("FAD") is calculated by subtracting from FFO (1) recurring expenditures, tenant improvements and leasing costs, that are capitalized and amortized and are necessary to maintain our properties and revenue stream and (2) straight line rents, then adding non-real estate depreciation and amortization. FAD is included herein, because we consider it to be a measure of a REIT's ability to incur and service debt and to distribute dividends to its shareholders. FAD is a non-GAAP and non-standardized measure, and may be calculated differently by other REITs.

⁽³⁾ Tenant improvements for the three months ended March 31, 2004 and December 31, 2003 include payments to one tenant of \$1.1 million and \$3.5 million, respectively, in connection with the tenant's March 2003 renewal and expansion of its 48,775 square foot lease to 116,338 square feet for a term of 10 years.

Washington Real Estate Investment Trust
Earnings Before Interest Taxes Depreciation and Amortization (EBITDA)
(In thousands)
(unaudited)

	Three Months Ended				
	09/30/04	06/30/04	03/31/04	12/31/03	09/30/03
EBITDA⁽¹⁾					
Net income	\$ 10,797	\$ 11,082	\$ 11,302	\$ 11,398	\$ 10,987
Add:					
Interest expense	8,760	8,614	8,575	8,011	7,401
Real estate depreciation and amortization	10,515	10,121	9,872	10,336	9,101
Non-real estate depreciation	103	111	114	117	120
Less:					
Other income	(59)	(115)	(65)	(72)	(102)
EBITDA	\$ 30,116	\$ 29,813	\$ 29,798	\$ 29,790	\$ 27,507

⁽¹⁾ EBITDA is earnings before interest, taxes, depreciation and amortization. We consider EBITDA to be an appropriate supplemental performance measure because it eliminates depreciation, interest and the gain (loss) from property dispositions, which permits investors to view income from operations without the effect of non-cash depreciation or the cost of debt.

⁽¹⁾ The ratio of earnings to fixed charges is computed by dividing earnings by fixed charges. For this purpose, earnings consist of income from continuing operations plus fixed charges, less capitalized interest. Fixed charges consist of interest expense, including amortized costs of debt issuance, plus interest costs capitalized.

⁽²⁾ Debt service coverage ratio is computed by dividing earnings before interest income and expense, depreciation, amortization and gain on sale of real estate by interest expense and principal amortization.

¹ A 49,000 square foot addition to 7900 Westpark Drive was completed in September 1999.

² WRIT anticipates closing on the sale of 8230 Boone Boulevard for a price of \$10.0 million in mid-November 2004.

³ South Washington Street includes 718 Jefferson Street, acquired in May 2003 to complete the ownership of the entire block of 800 S. Washington Street. The net rentable square feet reduction from 12/31/03 is due to space taken off market for development of residential units.

⁴ WRIT purchased 8301 Arlington Boulevard for a price of \$8.0 million on October 12, 2004.

Development Summary

	Property and Location	Total Rentable Square Feet or # of Units	Percentage Leased or Committed	Anticipated Total Cost	Cost to Date	Anticipated Construction Completion Date
<i>Redevelopment</i>	Westminster Shopping Center ¹ Westminster, MD	38,000 sq ft.	100%	\$ 3,700	\$ 2,972	4Q 04
<i>Development</i>	Rosslyn Towers ² (High Rise)	178 units & 1,600 sq ft. retail	0%			4Q 06
	(Medium Rise)	46 units & 4,300 sq ft. retail	0%			3Q 06
	Arlington, VA			\$ 56,100	\$ 7,026 ⁴	
	South Washington Street ³ Alexandria, VA	75 units & 4,500 sq ft. retail	0%	\$ 20,200	\$ 2,302 ⁴	3Q 06

¹ Redevelopment in conjunction with a lease executed in May 2003 with a national food chain.

² Rosslyn Towers, formerly known as WRIT Rosslyn Center, is a planned 224 unit multifamily property in the early development stages. 1620 Wilson Boulevard was acquired in conjunction with the overall development plan for Rosslyn Towers.

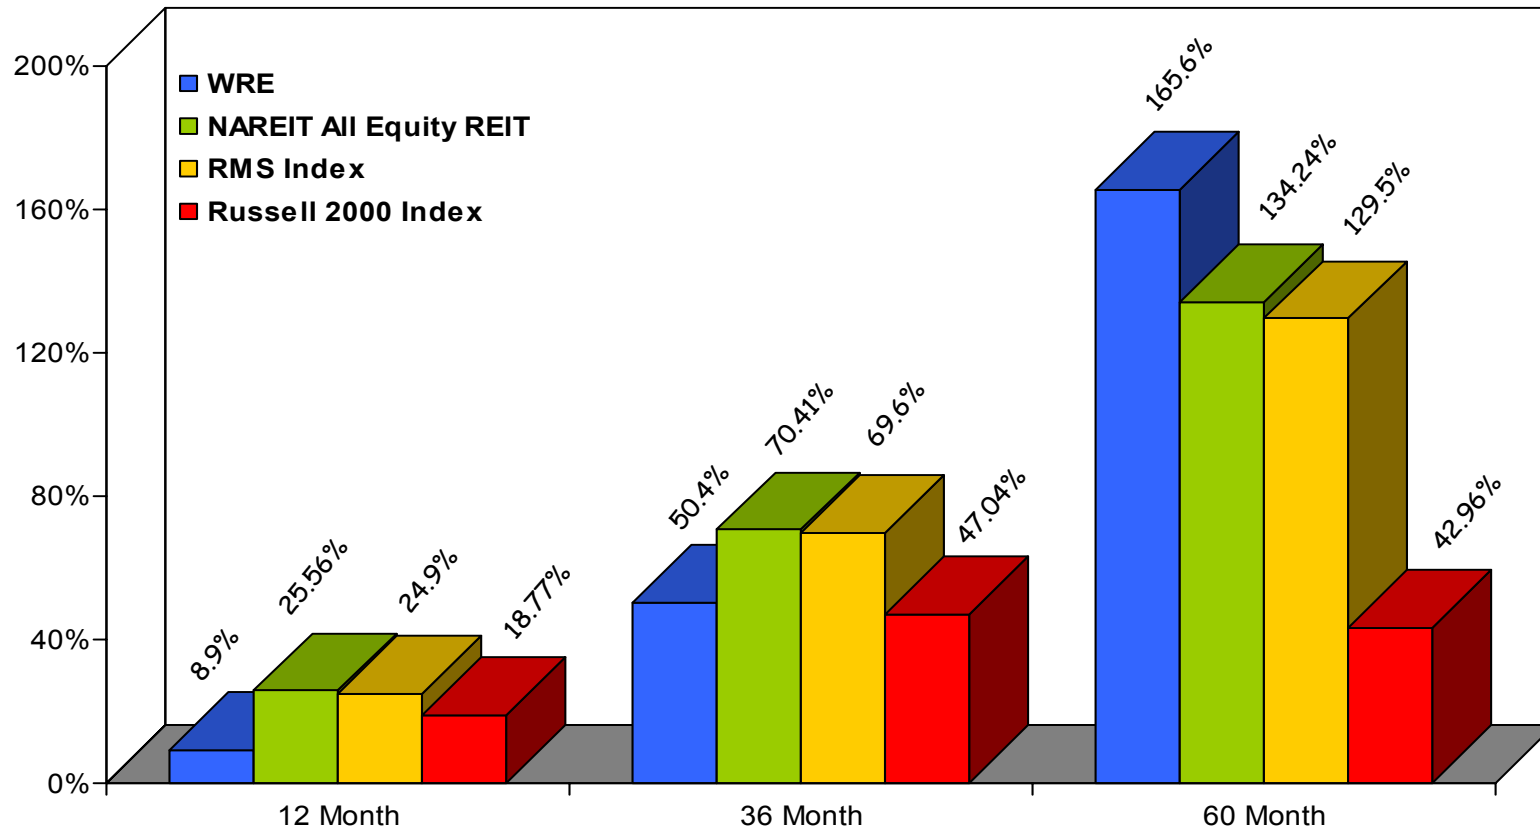

³ 718 E. Jefferson Street was acquired to complete our ownership of the entire block of 800 S. Washington Street. The surface parking lot on this block is now in the preliminary stages of development. We refer to this development project as South Washington Street.

⁴ Includes land cost.

Washington Real Estate Investment Trust
Reporting Definitions
September 30, 2004

Annualized base rent (ABR) is calculated as monthly base rent (cash basis) per the lease, as of the reporting period, multiplied by 12.

Debt to total market capitalization is total debt from the balance sheet divided by the sum of total debt from the balance sheet plus the market value of shares outstanding at the end of the period.

EBITDA is earnings before interest, taxes, depreciation and amortization.

Ratio of earnings to fixed charges is computed by dividing earnings by fixed charges. For this purpose, earnings consist of income from continuing operations (or net income if there are no discontinued operations) plus fixed charges, less capitalized interest. Fixed charges consist of interest expense, including amortized costs of debt issuance, plus interest costs capitalized.

Debt service coverage ratio is computed by dividing earnings before interest income and expense, depreciation, amortization and gain on sale of real estate by interest expense and principal amortization.

Funds from operations (FFO) - The National Association of Real Estate Investment Trusts, Inc. (NAREIT) defines FFO (April, 2002 White Paper) as net income (computed in accordance with generally accepted accounting principles (GAAP)) excluding gains (or losses) from sales of property plus real estate depreciation and amortization.

Funds Available for Distribution (FAD) is calculated by subtracting from FFO recurring expenditures, tenant improvements and leasing costs, that are capitalized and amortized and are necessary to maintain our properties and revenue stream and straight line rents, then adding non-real estate depreciation and amortization.

Recurring capital expenditures represents non-accretive building improvements and leasing costs required to maintain current revenues. Recurring capital expenditures do not include acquisition capital that was taken into consideration when underwriting the purchase of a building or which are incurred to bring a building up to "operating standard."

Rent increases on renewals and rollovers are calculated as the difference, weighted by square feet, of the net ABR due the first month after a term commencement date and the net ABR due the last month prior to the termination date of the former tenant's term.

Core portfolio properties include all properties that were owned for the entirety of the current and prior year reporting periods.

Core portfolio net operating income (NOI) growth is the change in the NOI of the core portfolio properties from the prior reporting period to the current reporting period.
